

## Covid-19 Safety Information

We are delighted to announce the re-start of our Donegal - Dublin coach services from 1st October 2020. We've limited the number of seats on board to allow for social distancing so booking in advance will be essential to guarantee your seat (Booking will be required for outward & return journeys). Please call us to reserve a seat, office open from 9am-6pm daily

We've introduced new safety measures to help keep you and our staff safe on board. We'd ask that you read these in detail before you travel and thank you in advance for helping us keep all our passengers and people safe.

### **1. Hand Sanitiser**

Hand sanitiser stations will be available on coaches for customer use as you board. We will also be recommending passengers bring hand sanitiser gel for use during the journey.

### **2. Face coverings**

To minimise the spread of the virus passengers must wear a face mask or face covering when on board the coach.

### **3. Limited seating capacity**

The maximum capacity of all coaches will be limited to help with social distancing. Only window seats will be available while in Level 2 upwards unless your travelling as a couple or part of a pod/bubble.

### **4. Deep cleaning daily**

Regular aerosol based disinfection with a high performance antiviral solution, sometimes called 'fogging' is being used on our coaches. Key touch points including handrails, armrests, and seat belts will be cleaned using high performance antiviral cleaning solution.

### **5. Air filtration system**

An additional filter using three types of technology, including UVC radiation to reduce bacteria and corona type viruses, and a PM2.5 filter to block 99% of airborne particulates and improve air quality has been installed on the air conditioning systems of all coaches.

### **6. Boarding process**

Boarding and disembarking may take longer than usual. Customers will be asked to empty from the front and let passengers sitting in front of them off the coach first.

### **7. Driver safety**

All of our drivers will be provided with protective equipment including visors, masks, gloves and hand sanitiser.

## Our Safety Measures

ANTI-BAC  
STATIONS

SOCIAL  
DISTANCING

ENHANCED  
CLEANING

ALLOCATED  
SEATS

FACE  
COVERINGS

AIR  
FILTRATION

### What we're asking you to do to help us

- Remember not to travel if you feel unwell.
- Make sure you're following the driver and crew instructions at all times – they're there to help keep you safe.
- Passengers will need to maintain social distancing with the driver and other passengers where possible.
- Wear your face covering when you're at the stop and on board.
- Where you can, wash your hands before travelling.
- Please keep to your own seat for full journey.
- Anti-bac stations are on every coach, though carrying your own is also recommended.
- Please place any rubbish in the bins provided.
- Please be patient with us as we are all getting used to this new way of travelling.
